Dear Nili,

I'm sorry for the stress this has caused. I did not know when I saw you last week that I am not allowed to fill in the blank document for you. This is apparently a very strict rule. I am perhaps least effective when it comes to observing bureaucratic/legalistic rules, but I'm sure there is a reason for them.

With regard to working with Ehud, I may end up leaving a day earlier, on August 5th, so we should plan through the 4th. We may well not need all of that time anyway.

I will begin going through the photos on Monday. I will print a set for me, you and Ehud, and for Ned, and we'll number them consecutively so that we are all on the same page.

All my best,

Tim

Hello Tim,
As I understand, Claire has sent the W8 form back to us to fill the missing details. I reckon there is no need for a telco right now. Am I right?
Ned is coming for few days to Israel on the 17 of July.
Ehud will come to NY to work with you as from July 25 to August 6 and then again when you come back from vacation.
We have received back today the disk on key - thanks.
warm
Nili
